Dear Parents and Whanau,

This week I attended a Principal's meeting for our Hillcrest Kahui Ako. The Hillcrest Kahui Ako is a group of eight schools around the Hillcrest Area who work closely together to raise student outcomes for all children in the area. The eight contributing schools are: Hillcrest High School; Berkley Normal Middle School; Silverdale Normal School; Hillcrest Normal School; Tamahere Model Country School; Matangi School; Tauwhare School; and of course Newstead Model Country School. The leadership group is currently working on three key inquiries:

1. Engaging more Maori and Pasifika students into STEM (Science, Technology, Engineering, Mathematics) subjects and professions.
2. Coordinating Learning Support throughout the Kahui Ako.
3. Transitioning students from Early Childhood Centres (ECE's) through to Primary Schools.

As a relatively small school, being part of the Kahui Ako has been beneficial. We have been able to tap into expertise and professional development that we wouldn't normally be able to access.

### Maori Language Week

Next week is Māori Language Week. One goal of Maori Language Week is to start normalising this beautiful language in our daily lives. This has been something we've been working on here at Newstead over the last couple of years. We will be doing some cool activities with the children throughout next week so keep an eye out on Seesaw.

### Production

We are still holding out hope that we will be able to hold our production at the Eureka Hall, as planned, in week 10. This will require us to be at Level 1. We have held off issuing tickets until the Government announcement on Monday 14th November. If it looks like we will be in Level 1, we will start issuing tickets next Tuesday. Tickets will be allocated according to the dates they were purchased ie, first in first served. Fingers crossed for Level 1.

### Country Schools Cross Country

Last Friday a team of our elite Cross Country runners participated in the Country Schools Cross Country at Tamahere Model Country School. We were able to hold this 'downscaled' event at the Tamahere Reserve under Level 2 restrictions. Congratulations to all the runners, especially Lucia Revell and Olivia Gujer who gained top 5 placings.

Congratulations to Lucia Revell and Olivia Gujer whom placed 4th and 5th respectively in the Year 4 girls event.

Why are times tables so important? Not many people know but by the time students hit NCEA there are algebra exams which do not allow calculators in them. Therefore, by the end of primary school it is important for students to have instant recall of most of their times tables as they need these at their finger-tips for secondary school.
